

## ENRICHMENT FOR YOUR COMPANY

With the right tools, car rental is a profitable activity for dealerships. CarWise Rental offers all facilities – consultancy, software and training – to in no time expand your car rental into a service-increasing and profitable business unit.

CarWise Rental has developed a car rental formula that allows dealerships to offer professional substitute transportation, commercial rental, and short-lease. In association with the relevant importers this has resulted in 'Peugeot Rent, Renault Rent, Ford Rent, Citroën Rent and Mercedes-Benz Rent'. The rental package consists of the following four components:

### Account Management

The account managers of CarWise provide advice to the affiliated dealers and support them in, among other things, the areas of: acceptance policy, management information, insurances, financing, car fleet mix and size, marketing and market programs. Support takes place in the form of an annual plan in which the account manager supports the dealer on the realization of the stipulated objectives.

## RentWise

CarWise has on its own account developed a unique software solution: RentWise. With this modular constructed solution you can examine the current situation of your car fleet at a single glance. You can book cars, create contracts, distally invoice, and consult the BOVAG warning system. To optimally manage your rental department, RentWise also supplies management information possibly linked to your own DMS solution.

## Insurances

CarWise offers the possibility to insure the car fleet and provides dealers with attractive customized solutions for the insurance of their rental fleet. On the basis of collectivity, CarWise agrees on central arrangements and thanks to scale size, we can realize optimal conditions *and* important advantages when it comes to insurance premiums. Departing from our expertise, CarWise also offers car companies garage insurances against interesting conditions.
